Auditions taking place October - November across the North East!

The Emerging Young Dancers programme is for talented young dancers (11–18yrs) with a learning disability, autism or both living in the North East of England.

The programme, led by TIN Arts, provides regular dance classes and workshops to each young dancer chosen to help develop their potential and talent.

What is involved

First of all join in with one of the many 'taster' dance workshops happening across the North East in **October – November** when you can meet TIN Arts staff and find out more. From the workshops TIN Arts will invite a number of young people to join the programme.

The group meets regularly in and out of school time to create new work that can be performed publicly.

Joining the programme is **FREE** with some funding available to meet costs related to access, support and travel.

If you are interested in attending one of our taster workshops to 'have a go' please email emergingyoungdancers@tinarts.co.uk or visit our website www.tinarts.co.uk
